Making money through AdSense is easy, but if you're too occupied with the work, you can simply outsource everything in 4 steps & count money rolling to your AdSense account.

Step #1 – Outsource Wordpress site

If you don't have a site/blog, you can simply purchase your domain and then outsource the rest of the work for site set-up.

In this step, you'll outsource the site for complete set-up, where they ensure that you've everything as per Google AdSense policies to get your site approved for AdSense.

Find someone from here to get it done:

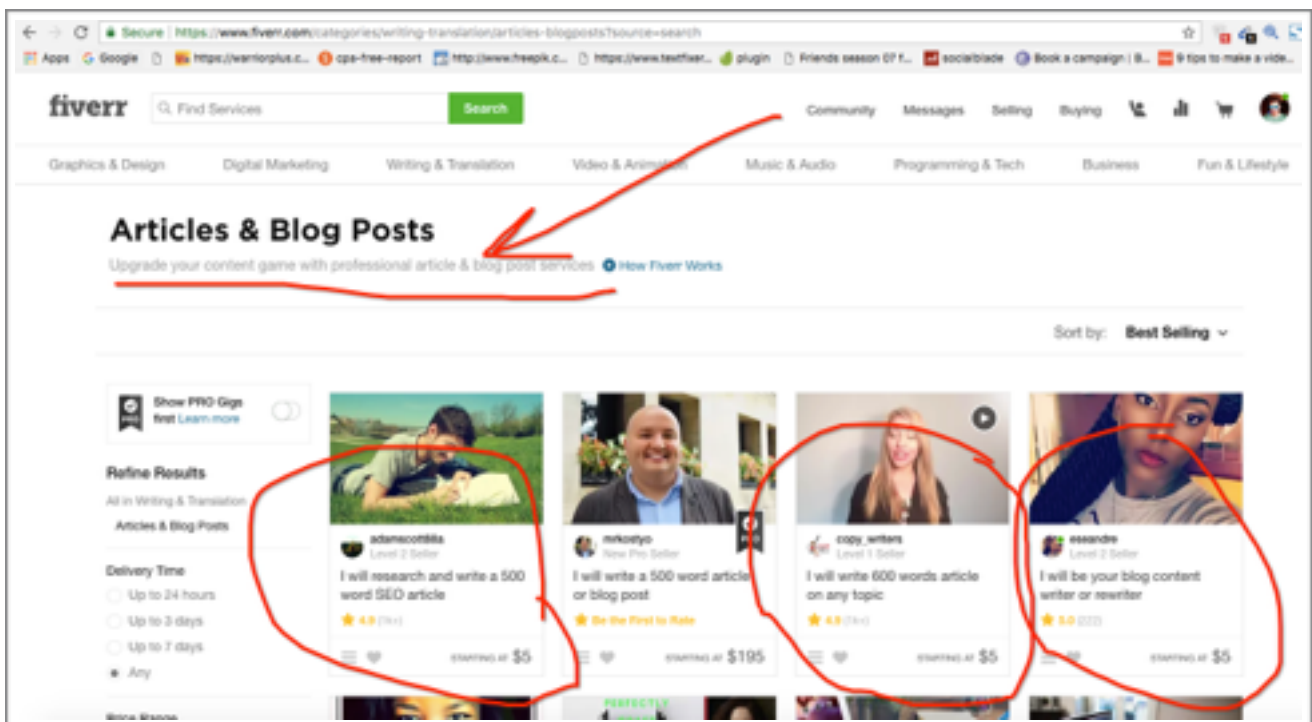

Step #2 – Outsource Regular Posts on WordPress Site

Once your site is approved for adsense, you can outsource most of the 'articles writing' work.

Here you'll be paying for regular posts on your wordpress site. You will get fresh and unique content everyday (get at least new 3 posts per day)

I've already outsourced complete article writing for my sites. I pay around 100 INR per article for 300 words. You can find someone on Fiverr to get this done:

You can do the same and you don't have to work on your site at all.

Step #3 – FB Ads

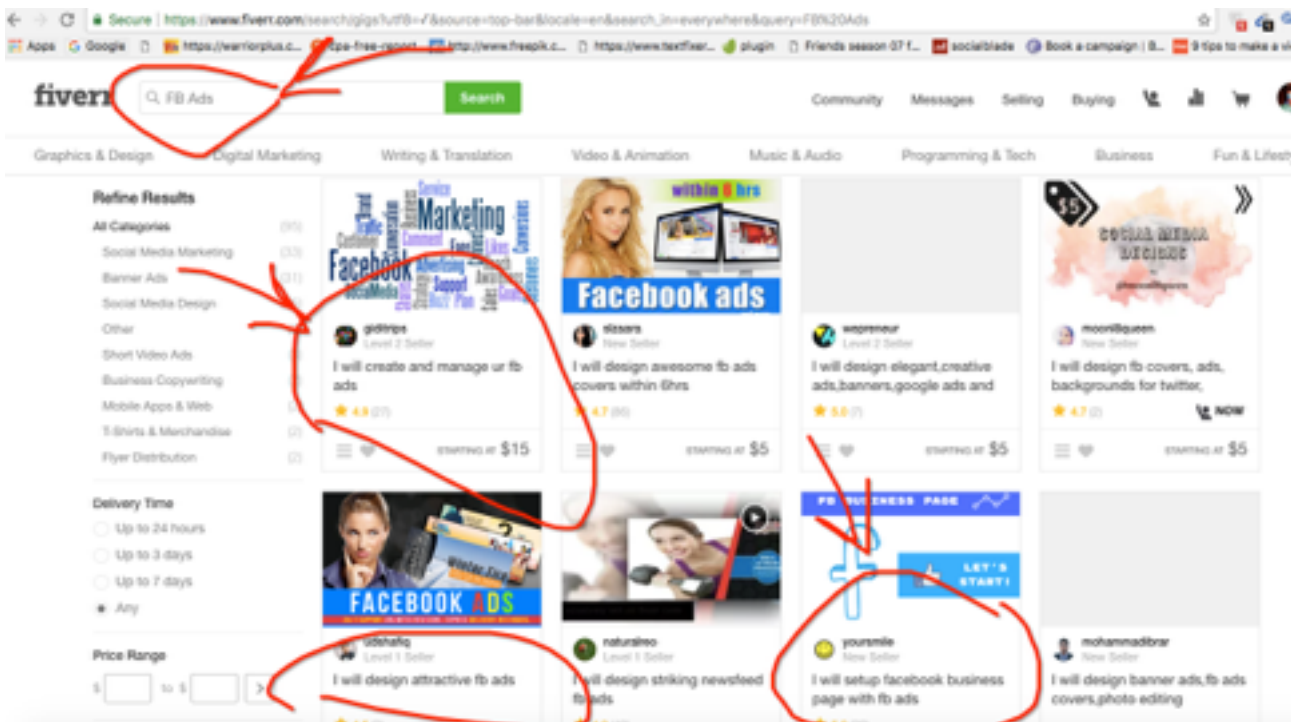

Creating a Fan Page or running an FB ad are easy jobs. But optimisation and regular monitoring requires time and little efforts. But you can outsource this one too.

How ?

It's very simple. Create a FB Business Ad Account. And then give access to the third party (outsourcing) as a sub-user to your FB Business ad account.

Now you've full control over everything. You can monitor the activity of the person to whom you've outsourced the 'FB ads running and monitoring'

And budget will be spent from your FB Ad account. You'll have full control over the spending limits too.

Step #4 – FB Page Posts

Creating a Fan Page is so easy. But due to lack of time and busy schedule over other business, you might find it difficult to find the time to post regularly on your Fan Page.

To help you with that, you can hire someone from Fiverr to get you 3 Ad Images everyday.

NOTE: You can do all these things easily on your own, but just to help you save the time, we recommend these steps to outsource.

Many of you must be interested in doing these steps on their own, but if you're not finding time, you can outsource any of the above mentioned step.

IMPORTANT NOTE: You need to hire someone with good ratings to ensure good content and delivery on time.
